

# Bitard Model 100 and Model 200 Barrel Rinsers

**Model 100** — “Traditional” style rinser. Heavy-duty steel construction. Inverted barrel rests on cradle, which pivots on sealed bearings around a fixed bronze spray head.

**Model 200** — The Model 200’s extra-heavy duty, cast aluminum cradle holds the barrel stationary, while the high-pressure nozzle spins for optimum cleaning action.

## BARREL RINSER MODEL 100

The Bitard Model 100 Barrel Rinsers provides unmatched cleansing action. The Model 100’s fixed, bronze nozzle produces an efficient spray pattern that removes tartrates, lees and other deposits from the barrel interior. Deposits and used rinsewater are continuously flushed from the barrel during the cleansing process. The Bitard Barrel Rinsers is manufactured in France by skilled craftsmen. It has become a wine industry standard in Bordeaux and carries a full two-year manufacturer’s warranty.

- **Fixed bronze spray nozzle** — produces a full-coverage spray that removes stubborn deposits.
- **Unit can be run by a single operator** — greatly reduces labor costs.
- **Compact, heavy-duty design** — reliable and trouble-free.
- **Very cost effective** — maintains cooperage and protects wine quality.
- **Initial cost is low** — similar to the price of one french oak barrel.
- **Cradle accommodates barrels and bungholes of various sizes** — excellent for puncheons.
- **Stainless steel bearings** — require no lubrication.
- **3/4” pipe thread connection makes hook-up quick and easy.**
- **Replacement parts are readily available, if needed.**
- **Manufactured in France by skilled craftsmen.**
- **The unit can be shipped by UPS.**

## BARREL RINSER MODEL 200

The Bitard Model 200 Barrel Rinsers provides the same superior cleansing action as the Model 100, **but without supervision.** The barrel remains stationary, allowing the operator to perform other duties during the rinse. Using either water or low-pressure steam, the Model 200’s rotating head generates a highly efficient spray pattern which removes tartrates, lees and other deposits from the barrel interior. Deposits and used rinsewater are continuously flushed from the barrel during the cleansing process. The Bitard Model 200 Barrel Rinsers has become a wine industry standard in Bordeaux and carries a full two-year manufacturer’s warranty.

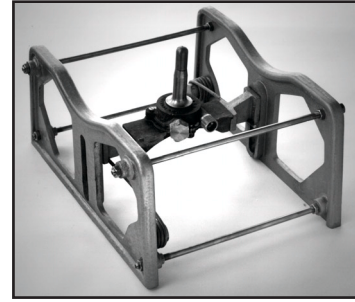

- **Unique, rotating bronze nozzle** — produces a full-coverage spray that removes stubborn deposits.
- **Compact heavy-duty design** — provides many years of service.
- **Very cost effective** — maintains cooperage and protects wine quality.
- **Initial cost is low** — similar to the price of one french oak barrel.
- **Cradle accommodates barrels and bungholes of various sizes** — excellent for puncheons.
- **Stainless steel bearings** — require no lubrication.
- **Sturdy 1” pipe thread connection makes hook-up quick and easy.**
- **Replacement parts are readily available, if needed.**
- **Manufactured in France by skilled craftsmen.**
- **The unit can be shipped by UPS.**

## BITARD BARREL RINSER TECHNICAL SPECIFICATIONS

- 3/4" pipe thread
- Uses cold or hot water (up to 140° F) or low-pressure steam
- Water pressure: 25 psi - 60 psi
- Weight: 60 lb.
- Dimensions: 16 7/8" Dia. x 10 3/16" H

### MODEL 200 BARREL RINSER

- 1" pipe thread
- Uses cold or hot water (up to 140° F) or low-pressure steam
- Water pressure: 25 psi - 45 psi
- Maximum steam pressure: 15 psi
- Weight: 55 lb.
- Dimensions: 11 3/4" x 26 3/8" x 21 5/8"

## ABOUT ARS/PRESSURE WASHER COMPANY

ARS/Pressure Washer Company (ARS/PWC) is an operating division of ARS Enterprises. ARS was established in 1971 to provide sterilizing and washing equipment and field maintenance and repair services to food and beverage firms, hospitals, laboratories and pharmaceutical or medical device manufacturers. Our equipment and service have earned us an outstanding reputation among our customers who have come to rely on ARS.

Our philosophy is to provide dependable equipment incorporating high quality components. The ARS team is dedicated to the highest standards of workmanship. Our pride rests on your satisfaction with the products and service we provide. We believe that with ARS you can achieve many years of reliable performance and an overall low cost of ownership.

ARS/PWC provides one-stop shopping for parts and accessories for virtually all brands of pressure washers and steam cleaners. Field service is available throughout California.

For more information on ARS products or service, or for the name of the ARS representative in your area, please call us at 800-RELY-ARS (800-735-9277) or visit us at our website:
